E-Safety Rules

When using the computers, you must follow the rules below to stay safe.

I agree that:

- On all the computers and internet, I will use the correct username and password to log in
- I will leave other people's work and files alone
- I will only use the internet when an adult is in the class with me, and I will ask permission before entering any website, unless my teacher has already told me that site is allowed
- If I see anything that I am unhappy with or if I feel uncomfortable about something I see, I will tell a teacher immediately
- I will only send polite, sensible messages a responsible adult has checked and will never share personal information or arrange to meet someone

I understand that if I deliberately break these rules I will be stopped from using the internet and will be spoken to by my teacher or Head Teacher.
